## Topline Soft Pad

140 x 115 mm

**Appliance**

Manual sanding of contours, curves and difficult areas for an exceptional smooth surface finish.

**Characteristics**

Highly flexible, suitable for all curves, does not form any sharp edges. Can be used for wet and dry sanding.

**Handling device**

By hand.

**Please consider!**

CARSYSTEM offers to store selected products of all categories in a list and send this list to a sales partner by E-Mail or Fax. In order to use this function, please login and/or register under "status".
