

SUNMATCH 2

Rechargeable work light for detailing and colour match

The SCANGRIP DETAILING range features a 2 COLOUR LIGHT function. This provides you with the option to choose between 2 different colour temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and COLD LIGHT (6500K) is ideal for dark coloured surfaces.

Handheld rechargeable work light with excellent colour recognition properties. Easy to carry in the pocket or in the work belt by the built-in belt clip.

Place the lamp anywhere you want during inspection work with the turnable sturdy hook or the strong built-in magnet. The flexible lamp head tilts up to 180 degrees. Durable construction, dust and waterproof, IP65.

Supplied with a two-step operating option: Step 1 = 100%, step 2 = 50% light output.

The SUNMATCH lamps are supplied with Li-ion battery and intelligent battery indicator at the front: save battery and avoid risk of overheating with the intelligent built-in system. Lamp automatically switches off when in high mode after 3 minutes of continuous use.

- For detailing and colour match
- For quality check between prep-zone operations
- As general work light
- Flexible up to 180°
